

Trailed spreader

RAVID

For vineyards and fruit trees orchards

SEGUÉS, since 1978 in the fertilization universe

The RAVID is a spreader specifically designed to distribute any kind of fertilizer over vineyards and fruit trees orchards. It can successfully spread from chemical granulated fertilizer to powdered dry organic fertilizer. The distribution can be performed by two spinners, by a side conveyor or by one or two subsoilers to bury the product.

RAVID 2000 & 3000 key points

- Thin gauge spreader specifically for fertilizing vineyards and orchards
- Wide conveyor to avoid baults making up. 600 mm
- **Four** distribution systems to choose and **exchangeables**
- **VRA** - Variable rate application
- Big product out-hatch
- 100% hydraulically driven
- Hydraulic brake
- Minimum maintenance required
- Easy to handle.

Fertilizer distributing systems

Spinners distribution system

Two fixed or width adjustable subsoilers

Height adjustable single subsoiler

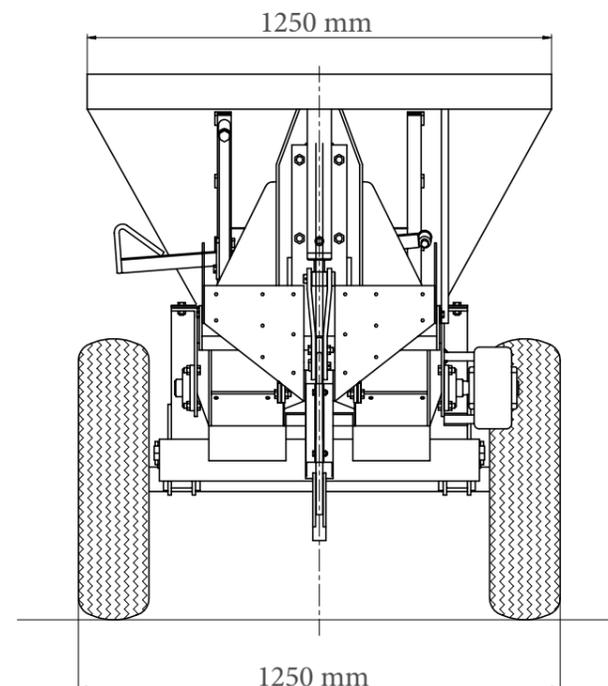

Side conveyor

RAVID for narrow vineyards and orchards

Devised and designed for narrow vineyards and Fruit trees orchards.

RAVID 1500 & 1500P key points

- Trailed spreader made for fertilizing vineyards and orchards under 1,5m width.
- Wide conveyor to avoid baults making up. 600 mm
- **Four** distribution systems to choose and **exchangeables**
- Hydraulically driven conveyor with VRA distribution by the Épandix 300 system
- 100% hydraulically driven
- Hydraulic brake
- Minimum maintenance required
- Easy to handle.

Technical features

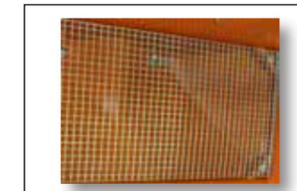

Model	Hopper	Width	Uploading height	Weight	Charge	Length
RAVID3000	3.000 l	1.700 mm	1.730 mm	1.523 kg	4.900 kg	3.980 mm
RAVID2000	2.000 l	1.450 mm	1.500 mm	1.446 kg	4.900 kg	3.980 mm

Model	Hopper	Width	Uploading height	Weight	Charge	Length
RAVID1500	1.500 l	1.250 mm	1.560 mm	1.350 kg	3.500 kg	3.760 mm
RAVID1500P	2.000 l	1.250 mm	1.660 mm	1.400 kg	3.500 kg	3.760 mm

Available options in all RAVID models

Turning hitch

Galvanized sieve

1000 liters supplement

PTO driven independent hydraulic system

Electronic VRA system "Intelligent"

Spinner turns counter

Working width adjusting system

Tarpaulin

Turning crane 90°

90° turning crane and hydraulically extendible

Twin disc conveyor system
